ASIA CARD CLOTHING (PVT) LTD.

History

Established 1947 in Gujranwala, **Asia Card Clothing (Pvt) Ltd.** was founded by Mr. Haji Abdul Rehman Mughal just after the India-Pakistan Partition. Today, it remains one of the oldest operating companies in the textile sector and is a leading supplier of card clothing to small, medium, and large carding units both in Pakistan and around the world.

With over seven decades of innovation and expertise in card clothing manufacturing, we understand the importance of quality, efficiency, and customer satisfaction. We have been committed to providing our customers with top-of-the-line products and services, and continually strive to improve our offerings.

Our dedication to quality is evident in everything we do, from the materials we use to the customer service we provide. We are proud to say that we have earned the trust and loyalty of our customers over the years, and are committed to continuing to meet and exceed their expectations.

If you are looking for a reliable and experienced supplier of card clothing for your carding unit, we encourage you to reach out to us today. We are confident that we have the expertise and resources to help you achieve your goals and take your business to the next level.

QUALITY

HIGHLY INTEGRATED PROCESSES | CONSTANT QUALITY

Quality is the cornerstone of everything we do at **Asia Card Clothing (Pvt) Ltd.** Through our comprehensive quality control measures, advanced technology, and commitment to continuous improvement, we deliver products that meet the highest industry standards. Our dedication to excellence ensures that our clients receive card clothing solutions that are not only reliable but also crafted with precision and care. At Asia Card Clothing, we don't just meet expectations—we exceed them.

material:

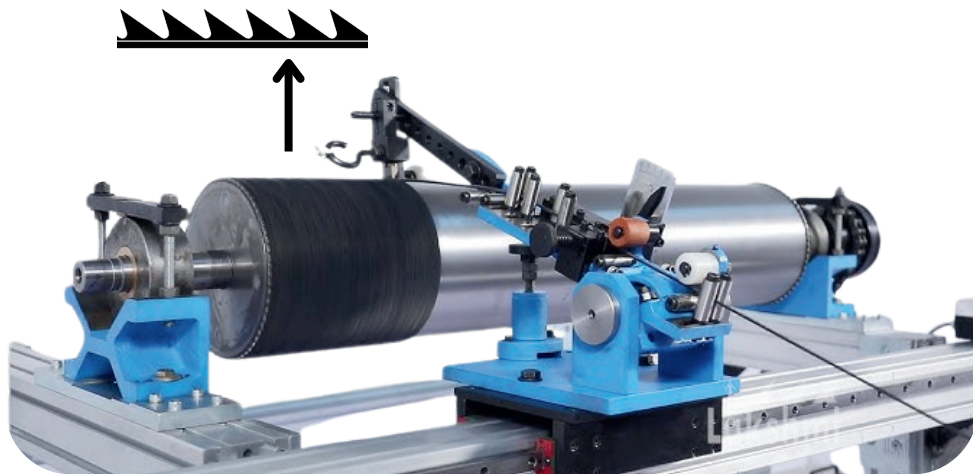

PW Series is our most famous and evergreen product since the inception of the company. PW Series is manufactured using hard alloy steel and is used for tough cotton waste recycling plants, blowrooms, and open-end spinning units. Long life and high wear resistance are the main specialties of this series. There are a number of sizes available in this series, and we can also make custom specifications on order.
